A verminous of temporary crises that on inquiry be proved by the Foreign Office, it was learned that the Government had received telegrams from Shanghai stating that a card emanated from Hongkong, that it is supposed speculators are at bottom of it. This is quite possible as we learn that its publication in Shanghai had the effect of causing a fall in the price of rice, and it is beset with the financial difficulties and is thus in position where such rumours, set ad to influence the market, greatly prevail.
